

Driving Education to the Community's Doorstep

Explore college options “on the go” through Collin College’s Mobile Go Center, which brings free, customized workshops or support services to your school or community events.

The Mobile Go Center is a 42-foot air conditioned trailer equipped with laptop computers, televisions and Wifi. The mobile unit promotes higher education and provides high school students and their families with the information and tools needed to gain access to college.

The Mobile Go Center brings college resources to your fingertips through a broad range of services, such as:

- On-site admissions assistance
- Free Application for Federal Student Aid (FAFSA) application assistance
- Career exploration seminars
- Specialized workshops, and more!

The Mobile Go Center is offered through College Express, a Collin College initiative promoting college-readiness programs.
